Ellen Bravo will tell stories from decades of frontline campaigns with the working women's group 9to5 for income equity, valuing families at work, and an end to sexual harassment and discriminatory treatment. In debunking myths from the Big Boys, she combines outrage with humor, facts with personal narratives. Bravo goes beyond smashing the glass ceiling to redesigning the building from the bottom up.

"All working women must read this book."

- **Jane Fonda**

"A myth-buster and eye-opener – a must read."

- **Linda Chavez Thompson**

"Enlarges our understanding of feminism by connecting it to the domination of our culture by the rich and powerful."

-- **Howard Zinn**
