Environmental Lobby Day

Your State, Your Voice!

Environmental Lobby Day 2010 is your chance to "green up" the Ohio Statehouse.

Join the Ohio Environmental Council's environmental-conservation network to bring environmental concerns and priorities directly to state lawmakers and officials from environmental and regulatory agencies.

The OEC will arrange appointments for you with lawmakers as well as give you tips and information to make your meetings as productive as possible.

The day includes lunch at the Statehouse Atrium with lawmakers and staff, and an evening "Cocktails & Conversation" reception to network and share the day's experiences.
