

Wyandot County Impact of the 2012-13 state budget (HB 153)

Ohio's budget for 2012 and 2013 cut local government aid by a billion dollars. This means cuts in services we depend on, from road repair and emergency services to crossing guards, senior transportation and child protective services. What are the implications for Wyandot County?

The state cut the Local Government Fund to the county, forcing Wyandot County to make cuts to jurisdictions within the county. The state also cut direct funding to municipalities, and slashed reimbursements for taxes it had eliminated, taxes that businesses and utilities had paid to local governments. School districts and the public library fund were also cut. Losses in calendar years 2012 and 2013, compared to 2010 and 2011, include, among others:

- Public Library Fund - \$44.0 thousand
- Schools - \$1.9 million
- County operations - \$847.0 thousand (includes LGF for townships and parks)
- Upper Sandusky - \$332.0 thousand

Loss to health and human service levies

- County mental health/ Developmental disabilities - \$138.0 thousand
- County Health - \$27.0 thousand
- County Senior Services - \$36.0 thousand

Notes and Quotes

"Right now, unless a person is in crisis, if they don't have insurance or Medicaid, they are put on a waiting list that has been starting at eight weeks." – Nancy Cochran, Board Director, Mental Health and Recovery Board of Seneca, Sandusky, and Wyandot Counties. From "Mental health levy back on ballot," *The News-Messenger*, February 28, 2012. <http://tinyurl.com/8t69fyh>.

The annual budget of the Mental Health and Recovery Services Board of Seneca, Sandusky and Wyandot Counties has fallen from \$9.5 million to \$7.8 million, and is expected to lose over \$200,000 more, which will necessitate cuts to the Board's drug and alcohol treatment programs. From "Mental health levy back on ballot," *The News-Messenger*, February 28, 2012. <http://tinyurl.com/8t69fyh>.

Key findings

- Wyandot County, its jurisdictions, schools, services and levies, lost \$3.2 million in the current state budget.
- Health and human services lost \$202,000.
- Drug and alcohol treatment programs stretched thin, with eight week waiting periods.

NOTES: The current state budget cuts the **Local Government Fund** to counties, municipalities and townships by 25 percent in the first year and by 50 percent in the second year. This 77-year old state revenue sharing program has, for generations, been essential to helping Ohio communities fund schools, provide services, and lift people out of poverty.

The current state budget also phases out most of the **tangible personal property tax** and **public utility property tax reimbursements**, which were promised to local governments when the state cut taxes in recent years. These are not the only losses to local governments because of this budget. There are others in specific programs. Here we detail some of the bigger shifts. Change in revenues shown here include:

Local Government Fund "County Undivided Fund," which counties share with their cities, townships and villages. We show how much less money the counties are receiving under the current 2-year state budget (for 2012 and 2013) compared to the two years under the prior state budget (which was for 2010 and 2011). Here the funds are shown on a calendar year basis because that is how the tax department forecasts and records their distribution to local governments, and it is how local governments budget (The state budget is based on the fiscal year, July 1 through June 30.);

Local Government "Municipal Direct" allocation from the Local Government Fund that the state gives directly to localities. This is also shown in terms of funding provided in the calendar years 2012 and 2013 compared to 2010 and 2011; and

Property tax reimbursements promised to local governments during tax reductions enacted earlier in the decade. The loss of funding in calendar years 2012 and 2013 is compared to the level of funding provided in 2010 and 2011.

The figures for changes in funding levels are based on data provided by and spreadsheets online at the Ohio Department of Taxation for local government funds and tax reimbursement distributions.
